HOW TO REACH SCHOOL

The school address is Avenue Charles Secrétan 16, 1005, Lausanne, Switzerland

Lausanne is in the French speaking part of Switzerland. It is just 45 minutes from Geneva, where there is the international Airport.

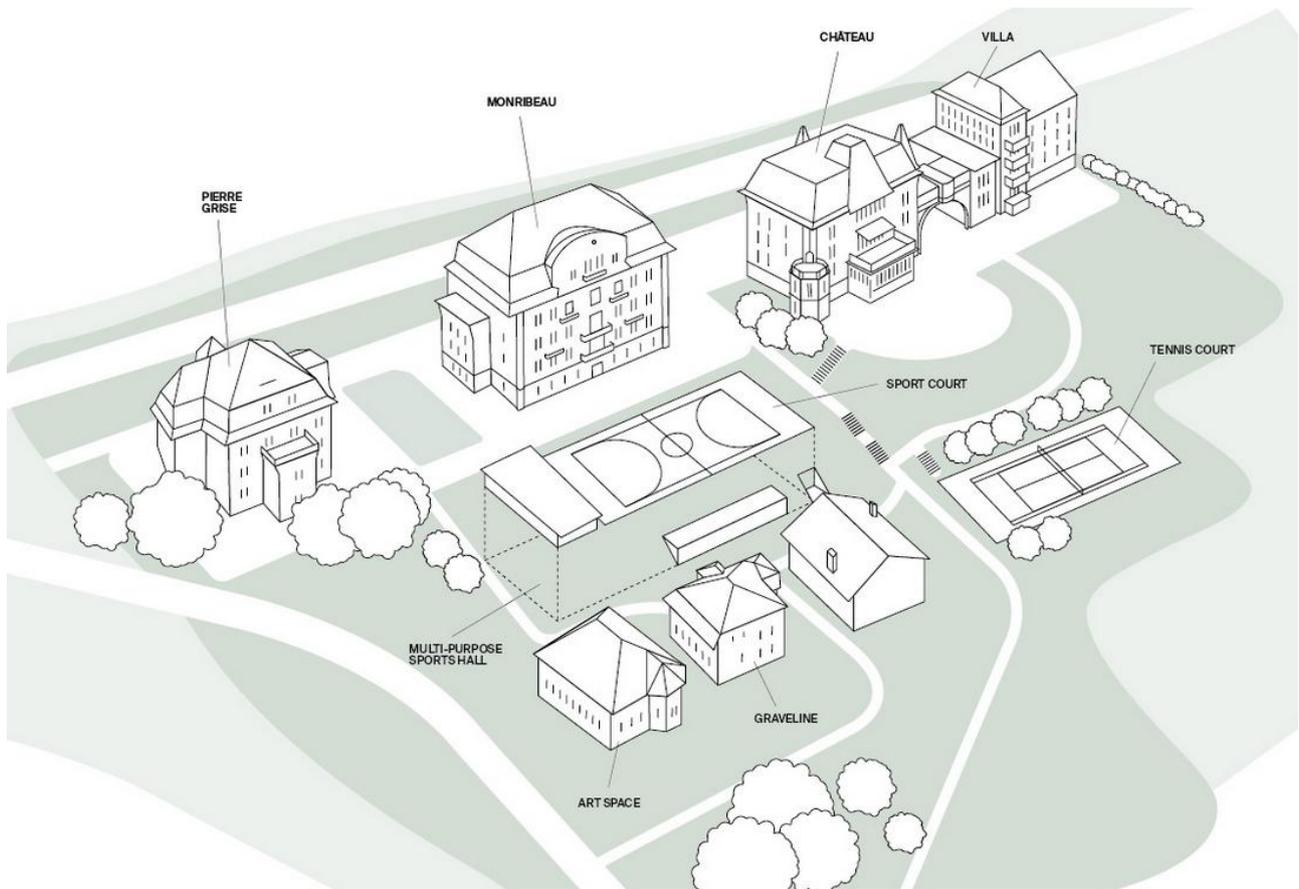

The school is 5 minutes by taxi from Lausanne train station.

It can be reached via the metro (stop Ours – 5 minutes walk) or by bus number 13 (Verdeil – 2 minutes walk).

SCHOOL FACILITIES

Brillantmont is in the centre of Lausanne. Our campus is amazing. In addition to our sports courts and multipurpose sports hall on campus, we also use sports facilities locally and watersports take place by the lake, where we have two school boats.

Many excursions and activities take place off campus, in the local area and in the mountains.

BEDROOMS

All Summer Course students live on campus. Boys and girls live in separate boarding houses, which are organised by age.

You will share a room with one or two other students from a different nationality and of a similar age to you. This will enable you to make new friends and discover new cultures. A teacher lives on the same floor in your boarding house and is there to look after and support you.

All bedrooms are large and spacious, all have a lockable wardrobe and many have views over the Lake and mountains. Only a few rooms have en-suite bathrooms, but mostly students share bathrooms (3-4 students per bathroom). The bathrooms are all modern and spacious and include a hairdryer.

It is not possible to request a particular room because the rooming depends on age, gender, nationality, houses used.

All students eat their meals together with the Summer Course staff in the dining room.

SUMMER COURSE RULES 2026

(the school reserves the right to adjust the Summer Course rules)

BEDROOMS

Beds must be made every morning, curtains must be opened and rooms kept tidy.

Suitcases must be stored in the baggage room.

TELEPHONE WITH THE SCHOOL

If you need to contact the school, please use the main school telephone: + 41 21 310 0400.

MOBILE PHONES

We understand that keeping contact with family is important and we also understand that students love to take photos of their stay. This is why we allow students to bring their mobile phone to Brillantmont and we ask you to share your child's telephone number with the school.

If your child does not yet have a mobile phone, it may be the moment to purchase a simple one, for the purpose of communication, because we do not allow smart watches, computers or Ipads.

We limit the use of mobile phones to specific times of day, in order to promote face to face interactions and to enable all students to fully participate in all the activities and social life at the school. Teachers may confiscate a phone if they feel a student is not fully respecting the rules or is not engaging and interacting enough with other students.

Staff will apply these guidelines and, depending on the activity, there may be other times when they will ask for phones to be handed in. We thank you for your cooperation and support in this matter.

- Weekday mornings in class: phones are handed in to the classroom teacher and returned to the student after the lunchtime information session.
- Weekday afternoons in class / sports: phones are handed in to the teacher and returned to the student at the end of the class.
- Evenings on campus: phones are handed in to the teacher and returned to the student at the end of the activity.
- During excursions and activities off campus: students are encouraged to have their mobile phones with them, in case of emergency. Unless requested by the teacher, the phone should be kept out of sight unless it is being used to take photographs.
- At night: students under the age of 14 must hand in their phones to their boarding teacher at night and it will be given back in the morning. All other students must put their phone on flight mode and put it away as requested by the staff: the phone will be confiscated if this is not respected.

CONNECTED WATCHES

Students are not allowed to bring connected watches to campus. We will not hesitate to confiscate these if necessary.

EARPODS/ HEADPHONES

We value human interactions. It is not acceptable for students to walk around the campus with earpods or headphones. We will not hesitate to confiscate these if necessary.

ANY STUDENT WHO LEAVES THE CAMPUS IN VIOLATION OF THE RULES OR WITHOUT PERMISSION MAY BE EXPELLED.

SMOKING – VAPING - DRUGS - ALCOHOL – ENERGY DRINKS

These are strictly forbidden. Any student breaking this rule may be expelled.

LAUNDRY

A laundry room is at students' disposal on specific days and at specific times.

POCKET MONEY, PASSPORTS AND TICKETS

Students should keep their money in the school safe. They can collect what they need every day (except Wednesdays, Saturdays and Sundays) after lunch. Each student has a cupboard which can be locked where they have to put their personal belongings. School does not accept responsibility for theft, loss or damage of personal belongings. All passports and tickets must be handed in to the office.

CONTACT WITH PARENTS / HOMESICKNESS

Constant contact with your child does not help adaptation and can lead to homesickness. For this reason, we encourage you to resist the temptation to frequently phone him /her. Visits from parents are only authorised on a Saturday and only by prior arrangement, since during the Summer Course we are often off campus.

VARIOUS

The throwing of gravel is strictly forbidden.

No scarves or other items should be placed over lights for fire safety reasons.

STUDY

45 minutes of study, in a classroom, is fixed at least twice per week – usually on Mondays, Tuesdays or Thursdays depending on the evening activity programme.

AFTERNOON CLASSES

Afternoon sports classes (BM Move) take place on Monday, Tuesday, Thursday and Friday from 14h00 – 17h00.

The optional activities that you chose on registration (Creative Arts, Tennis Pro) take place 2 x afternoons a week from 14h00 – 17h00.

You will be in a sports class with other girls or boys of the same age and you will do a different sport every day. We want you to try as many different sports as possible. Some sports take place on campus, others take place by the lake.

It is not possible to change the activity for which you registered because all our teachers have been organised.

WEDNESDAY AFTERNOON

On Wednesday afternoon, you go out with your class to visit a place of local interest. If the weather is good, you will meet up later with the other students for a barbecue and fun time by the lake. In case of bad weather, we will return to school and an activity will be organised on the campus.

EVENINGS

An activity is organised nearly most evenings. This may take place on campus – quiz night, sports tournaments, cooking workshops, karaoke evenings, film night or off campus – ice skating, indoor climbing, trampoline park, laser game, bowling, ice skating and many more. Friday night is the highlight of the week because it's disco night. Our students like to get dressed up smartly for this special evening, which has lots of fun and laughter in store!

WEEKENDS

At weekends, excursions and activities take place. Weather permitting, we usually go outside – sometimes to the mountains, sometimes to a city. Because the weather can change quickly, we do not pre-publish the excursion plan for weekends, as we need to ensure that our students are participating in an excursion in safe conditions.

On Friday, the teachers will tell you more about where you will be going during the weekend and explain what you will need to take / how you should be dressed.

EXCURSIONS & ACTIVITIES

All excursions and activities are compulsory.

YOUR CLASSMATES

You are coming to an international school. That means that you will be living and studying with boys and girls from all over the world. They come from many different cultures and experiences. It is important to respect others' cultures and traditions.

You will share a room with someone from a different country. Maybe you don't speak the same language, so you will need to find a way to communicate!

You have a unique opportunity to make friends from all over the world and broaden your horizons. See how many languages you can say hello in by the end of the Summer Course!
